Birdwings' New Home

by Lynette Reilly & Lois Hughes

A picture story book showing the adventures of two (endangered) Richmond Birdwing Butterflies as they seek a new home and new friends.

Ecologically accurate, with exquisite full-page illustrations, this book is for everyone interested in learning more about the wonders of the natural world.

As we 'move house' with the butterflies we absorb details of their life cycle—requirements and hazards—and realise what we can do to help conserve them.

Recommended retail price (Rrp) is \$15.00
plus \$2 postage and packing
